

Thyroid Cancer Testing Program

Test Request Form

Eligible patients (US-based only) may receive either one (1) NGS Thyroid Profile test (for advanced or metastatic medullary thyroid cancer ("MTC") patients 12 years of age and older who require systemic therapy) or one (1) NGS Thyroid Profile plus RET FISH test (for advanced or metastatic non-medullary thyroid cancer ("non-MTC") patients 12 years of age and older who require systemic therapy and who are radioactive iodine-refractory (if radioactive iodine is appropriate)), regardless of test results or treatment decision. **No patient, health care program, or beneficiary shall be billed for these tests. The tests shall not be included in a bundled payment to any health care facility including, but not limited to, a hospital. The ordering physician shall not be compensated any fees in connection with this testing, such as for specimen collection, handling, or data reporting.** Program is not valid where prohibited by law. NeoGenomics and Lilly reserve the right to rescind, revoke, or amend the program for any reason without notice.

Note: The Thyroid Cancer Testing Program is NOT available to New York State patients and facilities as the aforementioned NGS tests have not been approved by the New York State Department of Health.

Client Information

Required Information
